Title: FABRICATING ARTIFICIAL CRYSTALLINE STRUCTURES

Mail Stop: Petition

Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Sir:

**PETITION TO WITHDRAW HOLDING OF ABANDONMENT
UNDER 37 C.F.R. 1.181(a)**

On Jan. 18, 2005, Examiner Angerbrandt informed Applicant that an Office Action had been mailed on July 14, 2004 for the above application and that a response had not been received.

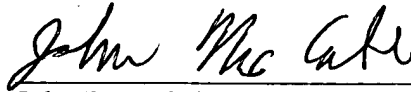

Searches were made of the assignee's file for the above application and of the assignee's docketing record for the above application. An attached statement attests to these searches. A copy of the docketing record is attached as Exhibit A. The search of the jacket of the file did not turn up the Office Action of July 14, 2005 therein. The search of the docketing record turned up no entry for receipt of the Office Action of July 14, 2005. Based on this evidence, the Office Action of July 14, 2005 was not received at Applicants' correspondence address.

Due to the non-receipt of the Office Action of July 14, 2005, Applicants petition for withdrawal of any holding of abandonment in the above application. This petition is made under the reasoning of Delgar v. Schulyer, 172 USPQ 513 (D.D.C. 1971). See M.P.E.P. 711.03(c). This petition requests that the U.S. Patent & Trademark Office re-mail the Office Action of July 14, 2005 to Applicants.

NO FEE DUE

In the event of any non-payment or improper payment of a required fee, the Commissioner is authorized to charge or to credit **Lucent Technologies Deposit Account No. 12-2325** to correct the error.

Respectfully,

A handwritten signature in cursive script, appearing to read "John McCabe", is written over a horizontal line.

STATEMENT

Prior to Jan. 18, 2005, I was not aware of and had not received the Office Action mailed on July 14, 2004 for U.S. Patent Application 10/040,017. In addition, I attest that:

The assignee of U.S. Patent Application 10/040,017 has a file for this patent application. After January 18, 2005, I searched the jacket of the file and did not find the Office Action of July 14, 2004 therein.

The assignee of U.S. Patent Application 10/040,017 also maintains a docketing system to record papers received from the U.S. Patent & Trademark Office. A printout of the docket record for U.S. Patent Application 10/040,017 as of Feb. 8, 2005 is attached as Exhibit A. I have searched this docket record, and the record does not have any entry for the Office Action of July 14, 2005.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willfull false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
